

**APPROVED ANIMAL HOSPITALS**

Effective June 1, 1997

In accordance with provisions of paragraph (2), Section 4-29-13 of Chapter 29, Title 4, Administrative Rules of the Department of Agriculture, the following animal hospitals are approved for treating and hospitalizing dogs and cats from the Animal Quarantine Station. These hospitals have facilities which meet the premises security requirements established by the Board of Agriculture to receive quarantined dogs and cats for hospitalization. (Please indicate the hospital you have selected on the enclosed AQS-2 "Pet Owner's Statement".)

**IT IS IMPORTANT THAT YOU SELECT A PRIVATE HOSPITAL IMMEDIATELY UPON ARRIVAL.**

Even though your pet is in quarantine and observed daily for abnormalities, you are still responsible for its health. **Owners must select, contact and register with a hospital** from the above list of security-approved veterinary hospitals. The Quarantine Station operates a dispensary to provide care for minor ailments and is not equipped to handle major medical problems. Should your pet become seriously ill while in quarantine, our veterinarian will call you as soon as possible. You are responsible to call the hospital to arrange for your pet's hospitalization. The hospital will call the station to confirm arrangement and request transport. We will transport your pet to the approved hospital at a nominal fee. Depending on the circumstances, your pet may be sent to the hospital it is registered at the discretion of the station veterinarian if we are unable to contact you in a timely manner. **For the welfare of your pet, it is important that you update our office regarding your current home/work phone numbers and addresses.** Those who do not reside on Oahu must make special arrangements to handle health problems. We also suggest that you consult with your private veterinarian about the health care of your pet while in quarantine.

Owners are responsible for transportation fees and all charges accrued at the hospital. **No refunds will be granted for the first two (2) days of hospitalization.** Refunds will be granted for each hospital day, at the daily quarantine rate, in excess of two (2) days during one period of hospitalization.

**IN CASE OF EMERGENCY:** Private veterinary hospitals **WILL NOT** accept animals without prior contact with owners. Please make arrangements with one of the Approved Animal Hospitals to accept your pet(s) in case of emergency. **We will not be able to deliver your animal to a private hospital in case of sudden illness or serious injury if pet is not registered.**

Publication of this list does not imply that these hospitals are in any way superior to other veterinary hospitals in the State of Hawaii. It merely reflects the presence of adequate facilities which meet the premises security requirements established by the Board of Agriculture to receive quarantine dogs and cats for hospitalization.
